Schedule D, Part X, Line 2 FIN 48 (ASC 740) footnote	<p>The organization is included in consolidated financial statements. Below is the FIN 48 (ASC 740) footnote from those financial statements. SIHE and its affiliated organizations, with the exception of the Captive, HSSI and PSC, are exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. The Corporation realized certain income which the Internal Revenue Service considers to be unrelated business income subject to income tax. For the years ended March 31, 2017 and 2016, no tax was due related to these operations. The Captive is incorporated under the laws of the Cayman Islands, which imposes no tax on income or capital gains. However, the Captive is subject to U.S. federal corporate taxation to the extent that it generates income that is effectively connected with a U.S. trade or business. The Captive is not engaged in any such trade or business in the U.S. PSC is a pass-through entity and its members separately account for their share of PSC's net income or loss which is allocated to the members based on the ownership percentage. Accordingly, income taxes are not provided for in the accompanying consolidated financial statements. When tax returns are filed, it is highly certain that some positions taken would be sustained upon examination by the taxing authorities, while others are subject to uncertainty about the merits of the position taken or the amount of the position that would be ultimately sustained. Examples of tax positions common to health systems include matters such as the tax exempt entity taking a tax position that an organization is tax exempt without observing corresponding proof of tax exemption from federal and state taxing authorities and there is material net income generated by the entity or egregious compensation paid to insiders that could result in revocation of exempt status (outside the scope of intermediate sanctions excise tax penalties). The tax position is to consider that these compensatory arrangements do not jeopardize tax exemption. The benefit of a tax position is recognized in the consolidated financial statements in the period during which, based on all available evidence, management believes it is more likely than not that the position will be sustained upon examination, including the resolution of appeals or litigation processes, if any. Tax positions taken are not offset or aggregated with other positions. Tax positions that meet the "more-likely-than-not" recognition threshold are measured as the largest amount of tax benefit that is more than 50 percent likely of being realized upon settlement with the applicable taxing authority. There were no uncertain tax benefits identified and recorded at March 31, 2017 and 2016. The Corporation does not expect the total amount of unrecognized tax benefits to significantly change in the next 12 months. The Corporation would recognize interest and/or penalties related to income tax matters in miscellaneous expenses. There was no interest a</p>

If a Trustee has a conflict of interest, the Trustee or the General Counsel discloses the conflict. The Trustee with the conflict is allowed to remain in the meeting to answer any question the conflicted Trustee may need to answer and then the conflicted Trustee is excused from the meeting.
