Application for Extension of Time To File an Exempt Organization Return

▶ **File a separate application for each return.**
▶ **Information about Form 8868 and its instructions is at www.irs.gov/form8868.**

- If you are filing for an **Automatic 3-Month Extension**, complete only **Part I** and check this box
- If you are filing for an **Additional (Not Automatic) 3-Month Extension**, complete only **Part II** (on page 2 of this form).

Do not complete Part II unless you have already been granted an automatic 3-month extension on a previously filed Form 8868.

Electronic filing (e-file). You can electronically file Form 8868 if you need a 3-month automatic extension of time to file (6 months for a corporation required to file Form 990-T), or an additional (not automatic) 3-month extension of time. You can electronically file Form 8868 to request an extension of time to file any of the forms listed in Part I or Part II with the exception of Form 8870, Information Return for Transfers Associated With Certain Personal Benefit Contracts, which must be sent to the IRS in paper format (see instructions). For more details on the electronic filing of this form, visit www.irs.gov/efile and click on *e-file for Charities & Nonprofits*.

Part I Automatic 3-Month Extension of Time. Only submit original (no copies needed).

A corporation required to file Form 990-T and requesting an automatic 6-month extension—check this box and complete Part I only

All other corporations (including 1120-C filers), partnerships, REMICs, and trusts must use Form 7004 to request an extension of time to file income tax returns.

Section A. All Supporting Organizations

	Yes	No
1 Are all of the organization's supported organizations listed by name in the organization's governing documents? <i>If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.</i>		
2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? <i>If "Yes," explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2).</i>		
3a Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? <i>If "Yes," answer (b) and (c) below.</i>		
b Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? <i>If "Yes," describe in Part VI when and how the organization made the determination.</i>		
c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? <i>If "Yes," explain in Part VI what controls the organization put in place to ensure such use.</i>		
4a Was any supported organization not organized in the United States ("foreign supported organization")? <i>If "Yes" and if you checked 11a or 11b in Part I, answer (b) and (c) below.</i>		
b Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? <i>If "Yes," describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.</i>		
c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? <i>If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.</i>		
5a Did the organization add, substitute, or remove any supported organizations during the tax year? <i>If "Yes," answer (b) and (c) below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed, (ii) the reasons for each such action, (iii) the authority under the organization's organizing document authorizing such action, and (iv) how the action was accomplished (such as by amendment to the organizing document).</i>		
b Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the organization's organizing document?		
c Substitutions only. Was the substitution the result of an event beyond the organization's control?		
6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (a) its supported organizations; (b) individuals that are part of the charitable class benefited by one or more of its supported organizations; or (c) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? <i>If "Yes," provide detail in Part VI.</i>		
7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (defined in IRC 4958(c)(3)(C)), a family member of a substantial contributor, or a 35-percent controlled entity with regard to a substantial contributor? <i>If "Yes," complete Part I of Schedule L (Form 990).</i>		
8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described in line 7? <i>If "Yes," complete Part I of Schedule L (Form 990).</i>

b Did one or more disqualified persons (as defined in line 9(a)) hold a controlling interest in any entity in which the supporting organization had an interest? <i>If "Yes," provide detail in Part VI.</i>		
c Did a disqualified person (as defined in line 9(a)) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? <i>If "Yes," provide detail in Part VI.</i>		
10a Was the organization subject to the excess business holdings rules of IRC 4943 because of IRC 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? <i>If "Yes," answer (b) below.</i>		
b Did the organization have any excess business holdings in the tax year? <i>(Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)</i>		

Part IV Supporting Organizations (continued)

		Yes	No
11	Has the organization accepted a gift or contribution from any of the following persons?		
a	A person who directly or indirectly controls, either alone or together with persons described in (b) and (c) below, the governing body of a supported organization?		
b	A family member of a person described in (a) above?		
c	A 35% controlled entity of a person described in (a) or (b) above? If "Yes" to a, b, or c, provide detail in Part VI.		

Section B. Type I Supporting Organizations

		Yes	No
1	Did the directors, trustees, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's directors or trustees at all times during the tax year? If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove directors or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.		
2	Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? If "Yes," explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised, or controlled the supporting organization.		

Section C. Type II Supporting Organizations

		Yes	No
1	Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).		

Section D. All Type III Supporting Organizations

		Yes	No
1	Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (1) a written notice describing the type and amount of support provided during the prior tax year, (2) a copy of the Form 990 that was most recently filed as of the date of notification, and (3) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?		
2	Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization(s) or (ii) serving on the governing body of a supported organization? If "No," explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).		
3	By reason of the relationship described in (2), did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? If "Yes," describe in Part VI the role the organization's supported organizations played in this regard.		

Section E. Type III Functionally-Integrated Supporting Organizations

1	Check the box next to the method that the organization used to satisfy the Integral Part Test during the year (see instructions):			
a	<input type="checkbox"/> The organization satisfied the Activities Test. Complete line 2 below.			
b	<input type="checkbox"/> The organization is the parent of each of its supported organizations. Complete line 3 below.			
c	<input type="checkbox"/> The organization supported a governmental entity. Describe in Part VI how you supported a government entity (see instructions).			
2	Activities Test. Answer (a) and (b) below.			
a	Did substantially all of the organization's activities during the tax year directly further the exempt purposes of the supported organization(s) to which the organization was responsive? If "Yes," then in Part VI identify those supported organizations and explain how these activities directly furthered their exempt purposes, how the organization was responsive to those supported organizations, and how the organization determined that these activities constituted substantially all of its activities.			
b	Did the activities described in (a) constitute activities that, but for the organization's involvement, one or more of the organization's supported organization(s) would have been engaged in? If "Yes," explain in Part VI the reasons for the organization's position that its supported organization(s) would have engaged in these activities but for the organization's involvement.			
3	Parent of Supported Organizations. Answer (a) and (b) below.			
a	Did the organization have the power to regularly appoint or elect a majority of the officers, directors, or trustees of each of the supported organizations? Provide details in Part VI.			
b	Did the organization exercise a substantial degree of direction over the policies, programs, and activities of each of its supported organizations? If "Yes," describe in Part VI the role played by the organization in this regard.

- 527 political organization
- Form 990-PF 501(c)(3) exempt private foundation
- 4947(a)(1) nonexempt charitable trust treated as a private foundation
- 501(c)(3) taxable private foundation

Check if your organization is covered by the **General Rule** or a **Special Rule**.

Note. Only a section 501(c)(7), (8), or (10) organization can check boxes for both the General Rule and a Special Rule. See instructions.

General Rule

- For an organization filing Form 990, 990-EZ, or 990-PF that received, during the year, contributions totaling \$5,000 or more (in money or property) from any one contributor. Complete Parts I and II. See instructions for determining a contributor's total contributions.

Special Rules

- For an organization described in section 501(c)(3) filing Form 990 or 990-EZ that met the 33 1/3 % support test of the regulations under sections 509(a)(1) and 170(b)(1)(A)(vi), that checked Schedule A (Form 990 or 990-EZ), Part II, line 13, 16a, or 16b, and that received from any one contributor, during the year, total contributions of the greater of **(1)** \$5,000 or **(2)** 2% of the amount on (i) Form 990, Part VIII, line 1h, or (ii) Form 990-EZ, line 1. Complete Parts I and II.
- For an organization described in section 501(c)(7), (8), or (10) filing Form 990 or 990-EZ that received from any one contributor, during the year, total contributions of more than \$1,000 *exclusively* for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals. Complete Parts I, II, and III.
- For an organization described in section 501(c)(7), (8), or (10) filing Form 990 or 990-EZ that received from any one contributor, during the year, contributions *exclusively* for religious, charitable, etc., purposes, but no such contributions totaled more than \$1,000. If this box is checked, enter here the total contributions that were received during the year for an *exclusively* religious, charitable, etc., purpose. Do not complete any of the parts unless the **General Rule** applies to this organization because it received *nonexclusively* religious, charitable, etc., contributions totaling \$5,000 or more during the year ▶ \$

Caution. An organization that is not covered by the General Rule and/or the Special Rules does not file Schedule B (Form 990, 990-EZ, or 990-PF), but it **must** answer "No" on Part IV, line 2, of its Form 990; or check the box on line H of its Form 990-EZ or on its Form 990-PF, Part I, line 2, to certify that it does not meet the filing requirements of Schedule B (Form 990, 990-EZ, or 990-PF).

Independent Auditor's Report

To the Board of Trustees
Southern Illinois Hospital Services
Carbondale, Illinois

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Southern Illinois Hospital Services (SIHS or Corporation) and its wholly-owned and majority-owned subsidiaries and wholly-controlled affiliate, which comprise the consolidated balance sheet as of March 31, 2015, and the related consolidated statements of operations, changes in net assets and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We did not audit the financial statements of SIH Cayman SPC Group, Ltd., a wholly-owned subsidiary, which statements reflect total assets constituting 4 percent of consolidated total assets at March 31, 2015 and total revenues constituting 1 percent of consolidated total revenues for the year then ended. Those statements were audited by other auditors, whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for SIH Cayman SPC Group, Ltd., is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, based on our audit and the report of the other auditor, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Southern Illinois Hospital Services and its wholly-owned and majority-owned subsidiaries and wholly-controlled affiliate as of March 31, 2015, and the results of their operations, changes in their net assets and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

The consolidated financial statements of Southern Illinois Healthcare Enterprises, Inc. and its wholly-owned and majority-owned subsidiaries and wholly-controlled affiliate, as of and for the year ended March 31, 2014, were audited by other auditors whose report, dated July 22, 2014, expressed an unmodified opinion on those statements.

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying consolidating balance sheets and consolidating statements of operations are presented for purposes of additional analysis rather than to present the financial position and results of operations of the individual entities and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The consolidating balance sheet as of March 31, 2015, and the consolidating statement of operations for the year then ended, have been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information as of and for the year ended March 31, 2015, is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

The consolidating balance sheet as of March 31, 2014, and the consolidating statement of operations for the year then ended, were audited by other auditors whose report, dated July 22, 2014, expressed an unmodified opinion on such information in relation to the consolidated financial statements as a whole.

Note 1. Nature of Operations and Summary of Significant Accounting Policies

Nature of organization: Southern Illinois Hospital Services (SIHS or Corporation) owns and/or operates the following entities:

- Memorial Hospital of Carbondale, Carbondale, Illinois (Memorial)
- Herrin Hospital, Herrin, Illinois (Herrin)
- St. Joseph Memorial Hospital, Murphysboro, Illinois (St. Joseph)
- SIH Cayman SPC Group, Ltd.
- Southern Illinois Medical Services, NFP
- Physicians' Surgery Center, LLC
- SIH Foundation, NFP
- Quality Health Partners LLC

The hospitals provide acute inpatient, outpatient and emergency care services. Certain facilities also provide maternity care, rehabilitation care, skilled nursing inpatient care, and intermediate inpatient care. Admitting physicians are primarily practitioners in the local area.

SIHS is the sole stockholder of SIH Cayman SPC Group, Ltd. (Captive), an off-shore captive insurance corporation established to underwrite the general and professional liability risks of the hospitals. The Captive was established effective April 1, 2006.

SIHS serves as the sole member and elects all of the trustees of, and thereby controls, Southern Illinois Medical Services, NFP (SIMS), an Illinois not-for-profit corporation, established to employ physicians and to operate physician practices in Southern Illinois. SIMS was established in November 2006.

As of March 31, 2008, SIHS was the sole member of Physicians' Surgery Center, LLC (PSC), an Illinois limited liability company which was established in May 2007 to operate and manage the ambulatory surgical treatment center that was acquired as part of purchase of the Carbondale Clinic. In April 2008, certain employed and non-employed physicians contributed capital of \$900,000 to PSC in exchange for a 45% equity interest, resulting in SIHS becoming a 55% member of PSC.

Southern Illinois Hospital Services is under the control of Southern Illinois Healthcare Enterprises, Inc. (SIHE). SIHE is a not-for-profit corporation established as a parent corporation. The Corporation is included in the consolidated financial statements of SIHE.

Note 1. Nature of Operations and Summary of Significant Accounting Policies (Continued)

The following table depicts the changes in consolidated unrestricted net assets attributable to the noncontrolling interest in PSC:

	PSC
Balance, April 1, 2013	\$ 748
Excess of revenues over expenses (from continuing operations)	301
Distributions	(154)
Change in net assets	147
Balance, March 31, 2014	895
Excess of revenues over expenses (from continuing operations)	335
Distributions	(160)
Change in net assets	175
Balance, March 31, 2015	\$ 1,070

A summary of SIHS's significant accounting policies is as follows:

Principles of consolidation: The consolidated financial statements include the accounts of SIHS and its wholly-owned hospitals Memorial, Herrin and St. Joseph, its wholly-owned subsidiary (Captive), its wholly-controlled Affiliates (SIMS, SIH Foundation, and Quality Health Partners LLC), and its majority-owned Subsidiary (PSC). All material intercompany accounts and transactions are eliminated in consolidation.

Use of estimates: The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements. The use of estimates and assumptions in the preparation of the accompanying consolidated financial statements is primarily related to the determination of the net patient accounts receivable and settlements with third-party payors and accrual for professional and general liability claims. These estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents: All highly liquid investments, excluding assets whose use is limited, purchased with a maturity of three months or less are considered to be cash equivalents. Cash equivalents consist of certificates of deposit and money market mutual funds. At times, the Corporation has deposits with financial institutions in excess of federally insured limits.

The Corporation routinely invests its operating funds in money market mutual funds. These funds generally invest in highly liquid U.S. government and agency obligations.

Patient accounts receivable: Patient accounts receivable, where a third-party payor is responsible for paying the amount, are carried at a net amount consisting of the original charge for the service provided, less an estimate made for contractual adjustments or discounts provided to third-party payors.

Southern Illinois Hospital Services

Notes to Consolidated Financial Statements
(In Thousands)

Note 1. Nature of Operations and Summary of Significant Accounting Policies (Continued)

Patient accounts receivable due directly from patients are carried at the original charge for the service provided less amounts covered by third-party payors and less an estimated allowance for doubtful accounts. Management determines the allowance for doubtful accounts by identifying troubled accounts and by historical experience applied to an aging of accounts. A patient receivable is considered past due when the amount billed remains unpaid for more than 30 days subject to a third-party payor's agreed upon terms, if applicable. The hospitals do not charge interest on patient receivable accounts which are past due. Patient receivables are written off as bad debt when deemed uncollectible. Recoveries of receivables previously written off are recorded as a reduction of the provision for bad debts when received.

Charity care: The Corporation provides charity care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Corporation does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue.

Supplies: Inventories of supplies are stated at the lower of cost, determined on a first-in, first-out basis, or market.

Investments: All investments are designated as trading securities. Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the accompanying consolidated balance sheets. Fair value is determined primarily on the basis of quoted market prices. Investment gains or losses (including realized and unrealized gains and losses on investments, interest and dividends) are included in the excess of revenues over expenses unless the gain or loss is restricted by donor or law.

Investment income on proceeds of borrowings that are held by a trustee are included in other operating revenue. Unrestricted contributions and income from all other investments are recorded as nonoperating gains.

Realized gains from the sale of investments are recognized using the first-in, first-out cost basis for sales of marketable equity securities. Gains and losses from sales of debt securities are recognized using a specific identification cost basis.

Assets whose use is limited: Assets whose use is limited include assets held by trustees under bond indenture agreements, assets designated by the Board of Trustees (Board) for payment of future self-insured medical professional liability claims and assets set aside by the Board for future capital improvements, over which the Board retains control and may at its discretion subsequently use for other purposes. Amounts required to meet current liabilities have been classified as current assets at March 31, 2015 and 2014.

Investment in joint venture: As of March 31, 2015 and 2014, the Corporation has a 34% interest in Southern Illinois Orthopedic Center, LLC (SIOC). SIOC was established in fiscal 1999 to build and operate an ambulatory surgical treatment center. The investment is accounted for by the equity method of accounting under which the Corporation's share of the net income (loss) of the affiliate is recognized as income (expense) in the Corporation's consolidated statements of operations and added to (deducted from) the investment account, and dividends received from the affiliate are treated as a reduction of the investment account.

Note 1. Nature of Operations and Summary of Significant Accounting Policies (Continued)

Property and equipment: The Corporation capitalizes expenditures that exceed \$2,500 and that are expected to have a useful life in excess of two years. Property and equipment are carried at cost less accumulated depreciation. Depreciation is computed using the straight-line and accelerated methods over the estimated useful lives of the assets following guidelines of the American Hospital Association. The Corporation evaluates the carrying value of long-lived assets whenever significant events or changes in circumstances indicate the carrying value of these assets may be impaired. The property and equipment acquired through business acquisitions has been recorded at the fair value at the time of the acquisition.

Bond issuance costs: Costs relating to bond issuance are capitalized and amortized by the straight-line method, which approximates the effective interest method, over the term of the bond issues.

Goodwill: Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 805, *Business Combinations* requires all business combinations to be accounted for using the purchase method of accounting. In addition, ASC 805 requires that identifiable intangible assets be recognized apart from goodwill based on meeting certain criteria. ASC 350, *Intangibles - Goodwill and Other*, addresses how intangible assets and goodwill should be accounted for upon and after acquisition. Specifically, goodwill and intangible assets with indefinite useful lives are not amortized but are subject to annual impairment tests based on their estimated fair value. There was no impairment in fiscal year 2015 and 2014.

Business combinations: On February 1, 2014, Southern Illinois Medical Services, NFP purchased substantially all of the assets of Primary Care Group (Practice) and PCG Building LLC, an Illinois limited liability company, excluding the accounts receivable and cash used in or generated from the conduct and operation of the Practice prior to closing date. The Corporation acquired the primary family practice clinic as the transaction was mutually beneficial for both parties. The purchase price was allocated to assets in the consolidated balance sheet as follows:

Land	\$	150
Building and land improvements		3,053
Furniture, fixtures and equipment		511
Other assets		155
Goodwill		3,337
Other intangible assets		1,367
Total purchase price allocation	\$	<u>8,573</u>

In addition, there were certain other insignificant acquisitions in fiscal years 2015 and 2014 with total considerations of \$1,581 and \$1,421, respectively.

Net patient service revenue: The Corporation has agreements with third-party payors that provide for payments to the Corporation at amounts different from its established rates. Payment arrangements include prospectively determined rates per discharge, reimbursed costs, discounted charges, and per diem payments. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

Note 1. Nature of Operations and Summary of Significant Accounting Policies (Continued)

Medicare and Medicaid Electronic Health Records (EHR) Incentive Programs: The American Recovery and Reinvestment Act of 2009 provides for Medicare and Medicaid Incentive Programs beginning in Federal fiscal year 2011 for eligible acute care hospitals that are meaningful users of certified EHR technology, as defined by the *Federal Register*. The Corporation has implemented certified EHR technology that has enabled it to demonstrate its meaningful use and to qualify for the Medicare incentive program. The initial incentive payment received for the Medicare EHR incentive program is an estimate based upon data from prior year's cost report. The final settlement will be determined after the submission of the current annual cost report and subsequent audit by the fiscal intermediary. The Corporation's compliance with the meaningful use criteria is also subject to audit by the Federal government. The EHR Incentive Programs are expected to continue through September 30, 2017, and the incentive payments will be calculated annually. The Corporation accounts for EHR incentive funds using the grant accounting method, under which the Corporation records EHR incentive revenue when it is reasonably assured that it will meet the meaningful use criteria for the required reporting period and the grant will be received.

The Corporation has recorded \$4,239 and \$7,018 of Medicare and Medicaid EHR incentive revenue for the years ended March 31, 2015 and 2014, respectively, of revenue for HITECH incentives in the accompanying consolidated statements of operations. The Corporation has not recorded the portion of 2015 payments related to October 2014 through March 2015 as the Corporation does not yet have reasonable assurance of compliance as required under the grant accounting method.

Income from operations: The consolidated statements of operations include income from operations. Changes in unrestricted net assets, which are excluded from income from operations include unrestricted contributions, investment income, and other income which management views as outside of the Corporation's core activity.

Excess of revenues over expenses: The consolidated statements of operations include excess of revenues over expenses. Changes in unrestricted net assets which are excluded from excess of revenues over expenses, consistent with industry practice, include the following transactions when applicable: permanent transfers of assets to and from affiliates for other than goods and services, and contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purpose of acquiring such assets). The change in the fair value of interest rate swap contracts is excluded from excess of revenues over expenses if the swap qualifies as a highly effective hedge transaction.

Net asset classifications: Net assets are segregated into two categories that are classified as unrestricted and temporarily restricted. Contributions received without specific restriction from a donor or that arise as a result of operations are classified as unrestricted net assets. Contributions of cash and other assets are reported as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets to a particular time or purpose. When a donor restriction expires, that is, when the stipulated time restriction ends or the purpose of the restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of operations as net assets released from restrictions. Donor-restricted contributions whose restrictions are met within the same year as received are reflected as unrestricted contributions in the accompanying consolidated statements of operations. The Corporation and its subsidiaries do not have any permanently restricted net assets.

Temporarily restricted net assets are primarily for the purchase of property and equipment.

Note 1. Nature of Operations and Summary of Significant Accounting Policies (Continued)

Income taxes: The Corporation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. The Corporation realized certain income which the Internal Revenue Service considers to be unrelated business income subject to income tax. For the years ended March 31, 2015 and 2014, no tax was due related to these operations.

When tax returns are filed, it is highly certain that some positions taken would be sustained upon examination by the taxing authorities, while others are subject to uncertainty about the merits of the position taken or the amount of the position that would be ultimately sustained. Examples of tax positions common to health systems include matters such as the tax exempt entity taking a tax position that an organization is tax exempt without observing corresponding proof of tax exemption from federal and state taxing authorities and there is material net income generated by the entity or egregious compensation paid to insiders that could result in revocation of exempt status (outside the scope of intermediate sanctions excise tax penalties). The tax position is to consider that these compensatory arrangements do not jeopardize tax exemption. The benefit of a tax position is recognized in the consolidated financial statements in the period during which, based on all available evidence, management believes it is more likely than not that the position will be sustained upon examination, including the resolution of appeals or litigation processes, if any.

Tax positions taken are not offset or aggregated with other positions. Tax positions that meet the "more-likely-than-not" recognition threshold are measured as the largest amount of tax benefit that is more than 50 percent likely of being realized upon settlement with the applicable taxing authority. There were no uncertain tax benefits identified and recorded at March 31, 2015 and 2014. The Corporation does not expect the total amount of unrecognized tax benefits to significantly change in the next 12 months. The Corporation would recognize interest and/or penalties related to income tax matters in miscellaneous expenses. There was no interest and/or penalties related to income tax matters identified and recorded at March 31, 2015 and 2014.

Tax returns filed by the Corporation are subject to examination by the Internal Revenue Service (IRS) up to three years from the extended due date of each return. Tax returns filed by the Corporation are no longer subject to examination for the years ended March 31, 2011 and prior.

Derivative financial instruments: The Corporation's derivative financial instruments, which consist of interest rate swap contracts, are recognized on the consolidated balance sheets at their fair value. Changes in the fair value of interest rate swaps are recognized as a change in unrestricted net assets below excess of revenues over expenses in the period of change as long as the swap is determined to be a highly effective cash flow hedge. Any ineffective portion of the swap is recorded as an adjustment to interest expense in the consolidated statements of operations. In 2014, there was a highly effective hedge; however, there is none in 2015.

Insurance: The Corporation has elected to self-insure a portion of its employee health claims. Amounts are charged against income based upon estimated losses as determined by management for each period. The Corporation is funding this estimated liability on a current basis.

SIHS formed the Captive, an off-shore captive insurance company, to underwrite its professional and general liability losses. The Captive has purchased a reinsurance policy with an unrelated third party to provide excess coverage for large claims. Assets are funded and losses are accrued as expense based upon estimated losses that are determined by actuarial analysis.

SIMS is not covered under the Captive and has purchased physicians and surgeons professional liability insurance coverage from Medical Alliance Insurance Company. See Note 9 for additional disclosure.

Note 1. Nature of Operations and Summary of Significant Accounting Policies (Continued)

Recent accounting pronouncements: In May 2014, the FASB issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers (Topic 606)*, requiring an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The updated standard will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective and permits the use of either a full retrospective or retrospective with cumulative effect transition method. Early adoption is not permitted. The updated standard will be effective for the Corporation's March 31, 2018 consolidated financial statements. The Corporation has not yet selected a transition method and is currently evaluating the effect that the updated standard will have on the consolidated financial statements.

In November 2014, the FASB issued ASU 2014-17, *Business Combinations (Topic 805): Pushdown Accounting*, which provides an acquired entity with an option to apply pushdown accounting in its separate financial statements upon occurrence of an event in which an acquirer obtains control of the acquired entity. If an acquired entity elects the option to apply pushdown accounting in its separate financial statements, it should disclose information that users need to evaluate the effects of pushdown accounting on its financial statements. This ASU was effective on November 18, 2014. After the effective date, an acquired entity can make an election to apply the guidance to future change-in-control events or to its most recent change-in-control event. However, if the financial statements for the period in which the most recent change-in-control event occurred already have been issued or made available for issuance, the application of this guidance would be a change in accounting principle. The Corporation does not plan to elect pushdown accounting provided under ASU 2014-17.

In April 2015, the FASB issued ASU 2015-03, *Interest – Imputation of Interest (Topic 835): Simplifying the Presentation of Debt Issuance Costs*, which changes the presentation of debt issuance costs in the financial statements. This ASU requires that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. The recognition and measurement guidance for debt issuance costs is not affected by the new guidance. The guidance should be adopted on a retrospective basis, wherein the balance sheet of each individual period presented is adjusted to reflect the period-specific effects of applying the new guidance. The updated standard will be effective for the Corporation's March 31, 2016 consolidated financial statements. The Corporation understands that debt issuance costs will now be classified as a liability rather than an asset. This change will have no impact on the Corporation's consolidated statement of operations.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (Or Its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy investments for which fair values are measured at NAV using the practical expedient. Removing those investments from the fair value hierarchy not only eliminates the diversity in practice in how investments measured at NAV (or its equivalent) with future redemption dates are classified, but also ensures that all investments categorized in the fair value hierarchy are classified using a consistent approach. The updated standard will be effective for the Corporation's March 31, 2017 consolidated financial statements.

Reclassifications: Certain prior year amounts have been reclassified to conform with the current year presentation. These reclassifications did not affect total net assets or changes in net assets.

Note 2. Hedging Activities

The Corporation maintains an interest rate risk-management strategy that uses derivative instruments (interest rate swap contracts) to minimize unanticipated earnings fluctuations caused by interest rate volatility. The Corporation's specific goals are (1) to manage interest rate sensitivity by modifying the repricing or maturity characteristics of certain of its debt and (2) to lower (where possible) the cost of its borrowed funds. Interest rate fluctuations create an unrealized appreciation or depreciation in the market value of the Corporation's debt when compared to its cost. The effect of this unrealized appreciation or depreciation in market value, however, will generally be offset by income or loss on derivative instruments that are linked to the debt.

The Corporation entered into an interest rate swap contract with the Royal Bank of Canada (RBC) which was intended to convert \$43,750 of the \$69,000 Revenue Bonds, Series 2005 with Wells Fargo Bank, to a fixed rate of 3.374%. The Series 2005 bonds had an outstanding balance of \$69,000 as of March 31, 2015 and 2014. The interest rate swap contract expires in March 2035. The interest rate swap's variable portion was set at 57% of 30 day LIBOR plus 0.44% which was determined would effectively hedge the auction rate payments. During the first quarter of 2008, the auction rate market experienced large fluctuations and the cash flow hedge was determined to no longer be effective. The swap is no longer tied to these bonds as the bonds now have a fixed interest rate. See Note 7 for further discussion. During 2015 and 2014, the hedge resulted in additional interest expense of approximately \$1,244 and \$1,238, respectively. The Corporation expects additional interest expense of \$1,200 during the year ending March 31, 2016.

In June 2009, the Corporation entered into an interest rate swap contract with Morgan Stanley to convert \$30,000 of the \$55,000 Series 2008 Variable Rate Demand Revenue Bonds, to a fixed rate of 3.844%. The swap amortizes relative to the bonds and had a notional amount of \$28,380 and \$28,670 as of March 31, 2015 and 2014, respectively. The Series 2008 bonds had an outstanding balance of \$51,235 as of March 31, 2014. The interest rate swap expires in March 2038. The interest rate swap's variable portion was set at the SIFMA Municipal Swap Index rate which was determined would effectively hedge the weekly interest rate. Management formally documented the hedging relationship at hedge inception and assesses, both at the hedge's inception and on an ongoing basis, whether the derivative instrument is highly effective in offsetting changes in cash flows of the hedged items. Any ineffectiveness is recorded as an adjustment to interest expense in the consolidated statements of operations. During 2014, the hedge resulted in a reduction of interest expense of approximately \$1,090. During 2015, the 2008 bonds were paid in full, thus the swap is no longer tied to these bonds and the swap was deemed ineffective. During 2015, the hedge resulted in additional interest expense of approximately \$1,088. The Corporation expects additional interest expense of approximately \$1,100 during the year ending March 31, 2016.

The interest rate swap contracts had a combined fair value of \$(16,675) and \$(9,854) as of March 31, 2015 and 2014, respectively. The change in the fair value of these contracts resulted in a net loss of \$6,821 for the year ended March 31, 2015 and net gain of \$5,154 for the year ended March 31, 2014, respectively. The change in the fair value of the ineffective hedges was recognized as an increase to interest expense of \$6,821 and a reduction of interest expense of \$2,704 in the consolidated statements of operations for the years ended March 31, 2015 and 2014, respectively. The change in the fair value of the Morgan Stanley contract during the year ended March 31, 2014, was recorded as a \$2,450 increase of unrestricted net assets in the consolidated statement of operations. The Corporation is exposed to credit risk if Morgan Stanley or Royal Bank of Canada fails to perform under the terms on the interest rate swap contracts.

Note 3. Net Patient Service Revenue

The Corporation has agreements with third-party payors that provide for payments at amounts different from their established rate structures. A summary of the payment arrangements with major third-party payors follows:

Medicare: Memorial and Herrin are paid for inpatient acute care and outpatient care services rendered to Medicare program beneficiaries under prospectively-determined rates per discharge (Prospective Payment Systems). These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors. Memorial's and Herrin's classification of patients under Prospective Payment Systems and the appropriateness of the patient's admissions are subject to validation reviews. Memorial and Herrin are reimbursed for cost reimbursable items at tentative rates with final settlement determined after submission of annual cost reports by Memorial and Herrin and audits by the Medicare fiscal intermediary.

St. Joseph Memorial Hospital is paid for inpatient and outpatient services under the Critical Access Hospital (CAH) methodology. As a CAH, St. Joseph Memorial Hospital is reimbursed based upon a reasonable cost methodology at a tentative rate with final settlement determined after submission of annual cost reports by St. Joseph Memorial Hospital and audits by the third-party Medicare fiscal intermediary.

The Corporation's Medicare cost reports have been audited by the Medicare fiscal intermediary through March 31, 2009.

The laws and regulations governing the Medicare program are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. The 2015 and 2014 net patient service revenue decreased by approximately \$61 and \$1,500, respectively, due to the addition of allowances deemed necessary as a result of the Medicare cost report audits.

Medicaid: Inpatient acute care services rendered under the Medicaid program are also paid at prospectively determined rates per discharge. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors. Outpatient services rendered to Medicaid program beneficiaries are reimbursed based on various predetermined rates.

The Corporation has also entered into payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payment to the Corporation under these agreements includes prospectively-determined rates per discharge, discounts from established charges, and prospectively-determined daily rates.

Medicaid hospital tax assessment program: The Corporation participates in the State of Illinois hospital tax assessment program which is administered by the Illinois Department of Public Aid. The provider assessment program payments are in effect for the state fiscal years ending each June 30. The laws and regulations authorizing this program have been extended through June 30, 2018. In October 2013, the Corporation was notified that under the Enhanced Hospital Assessment program, the Corporation would receive additional annual revenue of \$4,062 and pay an additional annual provider tax assessment of \$3,449. These additional enhanced payments were retroactive to June 10, 2012. For the years ended March 31, 2015 and 2014, the Corporation has recorded \$16,433 and \$20,754, respectively, in assessment revenue, which is included in net patient service revenue on the consolidated statements of operations. For the years ended March 31, 2015 and 2014, the Corporation has recorded \$7,751 and \$11,931, respectively, in assessment expense (Medicaid tax), which is included in miscellaneous expenses on the consolidated statements of operations. Of the 2014 amounts, \$3,280 of revenue and \$2,785 of expense relate to the period from June 10, 2012 through March 31, 2013.

Note 3. Net Patient Service Revenue (Continued)

Charity care: In the ordinary course of business, the Corporation renders services to patients who are financially unable to pay for medical care. The Corporation provides care to these patients who meet certain criteria under its charity care policy without charge or at amounts less than the established rates. Charity care eligibility is established based on limited or no insurance coverage, income compared to published poverty levels and family size, as well as other factors. Because the Corporation does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue. The Corporation maintains records to identify and monitor the level of charity care it provides. Charity care is measured based on the Corporation's estimated direct and indirect costs of providing charity care services. That estimate is made by calculating a ratio of cost to gross charges, applied to the uncompensated charges associated with providing charity care to patients. The estimated cost of charity care provided during the years ended March 31, 2015 and 2014, was approximately \$8,500 and \$14,000, respectively.

Provision for bad debts: Accounts receivable are reduced by an allowance for doubtful accounts. In evaluating the collectibility of accounts receivable, the Corporation analyzes its past history and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts. Management regularly reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts. For receivables associated with services provided to patients who have third-party insurance coverage, the Corporation analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for bad debts, if necessary (for example, for expected uncollectible deductibles and copayments on accounts for which the third-party payor has not yet paid, or for payors who are known to be having financial difficulties that make the realization of amounts due unlikely). For receivables associated with self-pay patients (which include both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), the Corporation records a provision for bad debts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The Corporation regularly performs hindsight procedures to evaluate historical write-off and collection experience throughout the year to assist in determining the reasonableness of its process for estimating the allowance for doubtful accounts. The difference between the standard rates (or the discounted rates, if negotiated) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts.

Patient service revenue, net of contractual allowances and discounts (but before provision for bad debts), from the major payor sources is as follows for the years ended March 31, 2015 and 2014:

	2015	2014
Medicare	\$ 243,070	\$ 230,826
Medicaid	118,835	85,438
Other third-party payors	162,047	152,313
Self-pay	16,205	33,194
Total patient service revenue (net of contractual allowance and discounts)	<u>\$ 540,157</u>	<u>\$ 501,771</u>

In January 2005, the Illinois Finance Authority (Authority) issued \$69,000 Reset Auction Mode Variable Rate Revenue Bonds, Series 2005 on behalf of the Corporation. The proceeds of the Series 2005 Bonds were loaned to the Corporation pursuant to a loan agreement between the Corporation and the Authority, and were used primarily to advance refund and defease the Series 2001 bonds, pay the issuing and insurance cost of the Series 2005 bonds, and finance capital improvement projects for the Corporation. Interest is paid by the Corporation at the auction rate. The bonds are due in varying amounts, beginning March 2016 with the final payment due in 2035. Payment of the principal and interest on the Series 2005 bonds is insured by Financial Security Assurance Inc. and collateralized by gross revenues (as defined) of the Corporation. The Corporation entered into an interest rate swap agreement in conjunction with the issuance of the Series 2005 revenue bonds. See Note 2 for further discussion of the Corporation's interest rate swaps. In November 2008, the Corporation converted the Series 2005 Bonds from the Reset Auction Mode Variable Rate to an Index Rate Mode. Under the Index Rate Mode, there was an initial rate period from the time of conversion through November 1, 2011. The Corporation had the right to convert the interest mode on the Bonds before November 1, 2011, which, if exercised, would trigger an automatic mandatory tender and remarketing of the Bonds on the conversion date. In February 2010, the Corporation exercised its right and the Series 2005 Bonds were subject to a Reoffering Circular. The Reoffering Circular converted the Series 2005 bonds from Index Rate Mode Securities to fixed rate securities with interest rates ranging from 4.0% to 5.38% through 2035.

In November 2008, the Authority issued \$55,000 of Variable Rate Demand Revenue Bonds, Series 2008, tax exempt bonds pursuant to a bond trust indenture between the Authority and Wells Fargo Bank, N.A., as bond trustee. The proceeds of the bond issue were loaned to the Corporation to finance the cost of the acquisition, construction, renovation and equipping of certain health facilities of the Corporation and the Designated Affiliate (SIHS) and to refund all of the Authority's Series 1998B Auction Rate Mode Securities which had a principal balance of \$24,500.

The Authority issued \$14,420 of Series 2011 Revenue Refunding Bonds (Series 2011 Bonds). The Corporation borrowed the exempt bonds pursuant to a bond trust indenture between the Authority and Wells Fargo Bank, N.A., as bond trustee. The proceeds of the Series 2011 Bonds were issued to retire interest and principal payments of all previously outstanding Series 1998 Bonds.

Note 7. Long-Term Debt (Continued)

In July 2014, the Authority issued \$75,580 and \$51,635 of Series 2014A Variable Rate Revenue Bonds and 2014B Variable Rate Revenue Bonds, respectively. The Corporation borrowed the exempt bonds pursuant to a bond trust indenture between the Authority and Wells Fargo Bank, N.A., as bond trustee. The proceeds of the Series 2014A Bonds were issued to finance the cost of acquisition, construction, renovation, and equipping of certain health facilities of the Corporation and SIHS. The proceeds of the Series 2014B Bonds were issued to refund the outstanding principal of the Series 2008 Bonds.

In accordance with the provisions of the Bond Trust Indenture, the Corporation is required to make deposits for principal and interest to cover debt service on outstanding obligations as they come due. Such deposits are held by a trustee and are reported within assets whose use is limited in the accompanying consolidated balance sheets.

The Series 2008 Bonds bore interest initially at a weekly rate and give the bond holders the option of tendering their bonds for purchase while in the weekly interest rate mode. The Corporation entered into a Remarketing Agreement (the Agreement) with Morgan Stanley & Co. which provided for a "best efforts" remarketing of the bonds which are tendered for purchase. These bonds were paid in full during 2015.

At March 31, 2015, the aggregate annual maturities of long-term debt are as follows:

Year Ending March 31

2016	\$	4,185
2017		4,039
2018		4,035
2019		4,145
2020		4,265
Thereafter		141,636
	\$	<u>162,305</u>

The hospital revenue bonds are obligations of the Southern Illinois Healthcare Obligated Group (Obligated Group) which includes Southern Illinois Healthcare Enterprises, Inc. and its designated affiliate, Southern Illinois Hospital Services.

The Master Trust Indenture imposes certain restrictive covenants upon the Obligated Group. The most restrictive of the covenants relates to the issuance of additional debt, the calculation of the historical debt service coverage ratio of the Obligated Group and restrictions upon the ability of the Obligated Group to sell, lease or dispose of its property.

The Corporation has a credit card account ("P" Card) with a bank with a credit limit of \$7,000. As of March 31, 2015 and 2014, approximately \$1,553 and \$2,692, respectively, had been drawn on the credit card account.

The Corporation has a line-of-credit from a bank with a credit limit of \$4,000. The balance of the line-of-credit was \$0 as of March 31, 2015 and 2014.

Note 8. Goodwill and Intangible Assets

Goodwill consists of the following at March 31, 2015 and 2014:

	2015	2014
Beginning of year		
Acquisitions	\$ 14,279	\$ 10,292
Amortization	711	3,987
End of year	(112)	-
	<u>\$ 14,878</u>	<u>\$ 14,279</u>

Acquired intangible assets: The gross carrying amount of acquired intangible assets was \$3,571 and \$3,367 at March 31, 2015 and 2014, respectively, and accumulated amortization was \$1,396 and \$691 at March 31, 2015 and 2014, respectively. Aggregate amortization expense was \$704 and \$428 for the years ended March 31, 2015 and 2014, respectively. Estimated amortization expense is expected to be as follows for each of the next five years:

Year Ending March 31

2016	
2017	\$ 714
2018	714
2019	451
2020	286

	<u>\$ 2,175</u>

Note 9. Commitments and Contingencies

Regulatory investigations: The U.S. Department of Justice, other federal agencies and the Illinois Department of Public Aid routinely conduct regulatory investigations and compliance audits of health care providers. The Corporation is subject to these regulatory efforts. Management is currently unaware of any regulatory matters which may have a material effect on the Corporation's financial position or results from operations.

Litigation: The Corporation is a defendant in various lawsuits arising in the ordinary course of business. Although the outcome of the lawsuits cannot be determined with certainty, management believes the ultimate disposition of such matters will not have a material effect on the Corporation's consolidated financial statements.

The Corporation is also a defendant in various lawsuits which, in the opinion of management, are covered by insurance.

Effective April 1, 2006, the Corporation established an offshore captive insurance company (Captive) domiciled in the Cayman Islands. The Corporation funded the Captive through a \$3,300 infusion of capital during April 2006.

Southern Illinois Hospital Services

Notes to Consolidated Financial Statements (In Thousands)

Note 9. Commitments and Contingencies (Continued)

The Captive provides medical professional liability coverage on a claims-made basis with "prior acts" coverage and general liability coverage including employee benefits liability, advertising and personal injury, product liability and completed operations liability on an occurrence basis to the Corporation and its affiliates and employees. Coverage was written for the stub period January 1, 2006 to April 1, 2006 and for the policy period April 1, 2006 to April 1, 2007, with a limit of \$3,000 for each and every claim with a \$10,000 policy aggregate for general liability and medical professional liability. As of April 1, 2008, the policy limit was decreased to \$2,000 for each claim. As of April 1, 2011, the policy aggregate increased to \$12,000 for general liability and medical professional liability.

For the policy period April 1, 2006 to April 1, 2007, the Captive provided umbrella liability coverage, excess of the primary general liability, medical professional liability, automobile liability, aviation liability and employers liability policies to the Corporation and its affiliates and employees, with limits up to \$20,000 per claim and \$20,000 in the aggregate. Effective April 1, 2007, the umbrella liability limits were increased to \$35,000 per claim and \$35,000 in the aggregate. Effective April 1, 2009, the limits increased to \$45,000 per claim and in the aggregate.

For the policy periods April 1, 2006 to April 1, 2012, this excess insurance policy was fully reinsured with an unrelated insurer based in the United States of America. The Corporation estimates that of its outstanding liability, approximately \$5,653 and \$5,187 can be claimed from its reinsurers, as of March 31, 2015 and 2014, respectively. In the event that the reinsurers are unable to meet their obligations under the reinsurance agreements, the Corporation would still be liable to pay losses and would only receive reimbursement to the extent that the reinsurers can meet their obligations. The Corporation has recorded a receivable in other non-current assets for amounts estimated to be recoverable from its reinsurers.

The Captive utilizes the services of an independent actuary to determine the estimated year-end professional and general liability. Accrued professional and general liability claim losses have been discounted at 1.0% as of March 31, 2015 and 2014. The portion of the accrual for estimated professional and general liability claims expected to be paid within one year of the balance sheet dates is not readily determinable and, therefore, the entire accrual balance is classified as a noncurrent liability.

There are no assurances that the Corporation or the Captive will be able to renew existing policies or procure coverage on similar terms in the future as a result of current factors affecting the insurance industry.

The Corporation accrues the expense of its share of malpractice claim costs for any unreported incidents of potential improper professional service occurring during the year by estimating the probable ultimate cost of any such incident. Such an estimate is based on the Corporation's own claims experience. The Corporation has recorded liabilities for Memorial, Herrin, and St. Joseph hospitals of \$3,985 and \$4,604 for claims incurred but not reported (IBNR) related to claims occurring subsequent to January 1, 2005 which were not reported as of March 31, 2015 and 2014, respectively. The Corporation has recorded liabilities for SIMS of approximately \$1,563 and \$1,573 for claims incurred but not reported related to claims occurring subsequent to January 15, 2007 which were not reported as of March 31, 2015 and 2014, respectively. These liabilities are included in medical professional liabilities on the consolidated balance sheets. Self-insured professional and general liability expense of approximately \$5,230 in 2015 and \$6,069 in 2014 has been included within insurance expense in the accompanying consolidated statements of operations.

In the event that the excess loss insurance and reinsurance companies are unable to meet their obligations under existing excess loss insurance and reinsurance agreements, the Corporation would be liable for such defaulted amounts.

Note 9. Commitments and Contingencies (Continued)

SIMS purchased physicians and surgeons professional liability insurance coverage from the Medical Alliance Insurance Company (MAIC). MAIC provides coverage to physicians on staff at hospital members of the Illinois Provider Trust (IPT) and self-insured hospitals being served by Illinois Risk Management Services (IRMS). IPT is a pooled self-insurance trust program organized under Illinois statutes for the purpose of providing general and professional liability insurance to member hospitals on a claims-made basis.

Coverage was written for the period from January 1, 2008 to January 1, 2012 and then renewed through January 1, 2016, with a limit of \$1,000 for each and every claim with a \$3,000 per physician limit for physicians and surgeons' liability. A separate policy provides coverage for Emergency Room Physicians for the period from July 1, 2008 to July 1, 2012, and then renewed through June 30, 2014, with a limit of \$1,000 for each and every claim with a \$25,000 policy aggregate for physicians' and surgeons' liability. As of July 1, 2014, the coverage was changed to have a limit of \$1,000 for each and every claim with a \$3,000 per physician limit for physicians and surgeons' liability. A separate policy provides coverage for hospitalists for the period from January 1, 2011 to January 1, 2012, and then renewed through January 1, 2016, with a limit of \$1,000 for each and every claim with a \$3,000 per physician limit for physicians and surgeons' liability.

Employee health costs: The Corporation has elected to self-insure a portion of its employee health cost. The Corporation is self-insured up to \$300 and \$150 per enrollee per year for the years ended March 31, 2015 and 2014, respectively. Losses in excess of this self-insurance amount are covered by reinsurance. The expense related to claims paid and accrued for employee health and dental costs, recognized for the years ended March 31, 2015 and 2014, was approximately \$33,072 and \$30,336, respectively.

Regulatory environment including fraud and abuse matters: The health care industry is subject to numerous laws and regulations of federal, state, and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government health care program participation requirements, reimbursement for patient services, and Medicare and Medicaid fraud and abuse. Government activity continues with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by health care providers. Violations of these laws and regulations could result in expulsion from government health care programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed. Management believes that the Corporation is in compliance with fraud and abuse, as well as other applicable government laws and regulations. While no regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretation, as well as regulatory actions unknown or asserted at this time.

CMS Recovery Audit Contractor Program: Congress passed the Medicare Modernization Act in 2003, which among other things established a three-year demonstration of the Medicare Recovery Audit Contractor (RAC) program. The RAC identified and corrected a significant amount of improper overpayments to providers. In 2006, Congress passed the Tax Relief and Health Care Act of 2006 which authorized the expansion of the RAC program to all 50 states by 2010. CMS implemented the RAC program in Illinois in 2010. Management does not believe that Medicare RAC audits will have a material effect on the Corporation's results of operations or cash flows. At March 31, 2015 and 2014, the Corporation has recorded a reserve for estimated amounts that will be repaid under the RAC program based on the Corporation's RAC program experience to date.

Property and sales tax exemption: On June 14, 2012, the Governor of Illinois signed into law legislation that governs property and sales tax exemption for not-for-profit hospitals. The law took effect on the date it was signed. Under the law, in order to maintain its property and sales tax exemption, the value of specified services and activities of a not-for-profit hospital must equal or exceed the estimated value of the hospital's property tax liability, as determined under a formula in the law. The specified services are those that address the health care needs of low-income or underserved individuals or relieve the burden of government with regard to health care services, and include: the cost of free or discounted services provided pursuant to the hospital's financial assistance policy; other unreimbursed costs of addressing the health needs of low-income and underserved individuals; direct or indirect financial or in-kind subsidies of State and local governments; the unreimbursed cost of treating Medicaid and other means-tested program recipients; the unreimbursed cost of treating dual-eligible Medicare/Medicaid patients; and other activities that the Illinois Department of Revenue determines relieve the burden of government or address the health of low-income or underserved individuals. Management believes that the Corporation's hospitals meet the requirements under the law to maintain their property and sales tax exemption.

Operating leases: At March 31, 2015 and 2014, the Corporation was committed to various fixed minimum operating and rental payments under various agreements as follows:

Year Ending March 31

2016	\$	1,897
2017		1,382
2018		1,139
2019		947
Thereafter		789

Total rent and lease expense for the years ended March 31, 2015 and 2014 was approximately \$3,420 and \$3,284, respectively.

Southern Illinois Hospital Services

Note 10. Defined Contribution Plans

The Corporation has a defined contribution plan covering substantially all of its employees who meet eligibility requirements. The Corporation's policy is to make matching contributions up to 2.5% of employee deferrals as well as a discretionary contribution of 1.5% of employee's earnings. The Corporation contributed approximately \$5,763 and \$5,179, for the years ended March 31, 2015 and 2014, respectively.

The Corporation also has a supplemental nonqualified, defined contribution plan covering selected executive employees. The Corporation's policy is to make an annual contribution to the plan. This amount is calculated by multiplying each participant's percentage, as set forth in the plan document, by his or her base salary for the plan year. For the plan years commencing October 1, 2014 and 2013, the Corporation contributed approximately \$766 and \$734, respectively, to the plan.

The Corporation also has a noncontributory defined contribution investment program, containing a split dollar life option, covering designated executive employees. The Corporation's contributions are based on the compensation of the employees, and amounted to approximately \$976 and \$846 for the years ended March 31, 2015 and 2014, respectively.

The Corporation also has a nonqualified deferred compensation plan for selected executive level employees as defined under Section 457(b) of the Internal Revenue Code of 1986 (Code). The plan's effective date is January 1, 2012. The Corporation's policy is to make an annual contribution to the plan, not to exceed the maximum annual amount allowed under the Code. The Corporation contributed approximately \$232 and \$210, for the years ended March 31, 2015 and 2014, respectively.

Note 11. Related Party Transactions

Southern Illinois Hospital Services is under the control of Southern Illinois Healthcare Enterprises, Inc. (SIHE). SIHE is a not-for-profit corporation established as a parent corporation. The Corporation is included in the consolidated financial statements of SIHE. The Corporation rents buildings from SIHE. Rent paid to SIHE totaled approximately \$898 and \$825 for the years ended March 31, 2015 and 2014, respectively.

Health Services of Southern Illinois, Inc. (HSSI), an Illinois for-profit corporation, was established to engage in other health related activities, and is also under common control of SIHE. Current year transactions include administrative activities, rent transfers, salaries, benefits, and operational expenses related to a small fitness center in McLeansboro, Illinois.

Note 12. Fair Value of Financial Instruments

ASC 825 requires disclosure of fair value information about financial instruments, whether or not recognized in the consolidated balance sheets. Fair value is determined under the framework established by ASC 820. ASC 825 excludes certain financial instruments and all non-financial instruments from its disclosure requirements. Accordingly, the aggregate fair value amounts presented may not necessarily represent the underlying fair value of the Corporation. The following information presents estimated fair values of the Corporation's financial instruments as of March 31, 2015 and 2014 and the methods and assumptions used to estimate those fair values. The Corporation's financial instruments include cash and cash equivalents, accounts receivable, notes receivable, other current assets, and accounts payable. Based on the current maturity of these instruments, carrying value approximates fair value. The Corporation also has assets whose use is limited, investments and debt. The fair value of assets whose use is limited and investments is based upon quoted market rates or, if not available, estimated market rates. The fair value of the Corporation's long-term debt is estimated based on the quoted market prices for the same or similar issues or on the current rates offered to the Corporation long-term debt at March 31, 2015 and 2014 was approximately \$162,216 and \$133,748, respectively.

Note 13. Fair Value Measurements

ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. ASC 820 requires the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. In that regard, ASC 820 establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data. The fair values of U.S. Government securities and corporate debt obligations are determined by matrix pricing, which is a mathematical technique widely used in the industry to value debt securities without relying exclusively on quoted prices for the specific securities but rather by relying on the securities' relationship to other benchmark quoted securities (market approach valuation technique).

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

There were no transfers into or out of Level 1 or Level 2 that occurred between April 1, 2014 and March 31, 2015 or between April 1, 2013 and March 31, 2014.

A description of the valuation methodologies used for assets and liabilities measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below.

Exchange traded funds: The fair values of exchange traded hedge funds are based upon quoted market prices (Level 1 inputs).

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Common stock: The fair values of common stocks are determined by obtaining quoted prices from a nationally recognized exchange (Level 1 inputs).

Corporate bonds: The fair value of corporate bonds is estimated using various techniques, which may consider recently executed transactions in securities of the issuer or comparable issuers, market price quotations (where observable), bond spreads, fundamental data relating to the issuer, and credit default swap spreads adjusted for any basis difference between cash and derivative instruments.

While most corporate bonds are categorized in Level 2 of the fair value hierarchy, in instances where lower relative weight is placed on transaction prices, quotations, or similar observable inputs, they are categorized in Level 3.

Note 13. Fair Value Measurements (Continued)

U.S. government securities: U.S. government securities are normally valued using a model that incorporates market observable data such as reported sales of similar securities, broker quotes, yields, bids, offers, and reference data. Certain securities are valued principally using dealer quotations. U.S. government securities are categorized in Level 1 or Level 2 of the fair value hierarchy depending on the inputs used and market activity levels for specific securities.

JPS credit opportunities fund: The Corporation's investment in the JPS credit opportunities fund (Fund) is valued in accordance with the fund's valuation policy and processes. Management receives monthly Net Asset Value (NAV) statements from a third party administrator, Globe Opp. As of March 31, 2015 and 2014, Globe Opp has determined that all assets in the Fund are Level 1 or Level 2 with 100% confirmation by GlobeOpp of pricing, transactions, positions, investor transactions, and fee calculations. The market for the liquidation of the Fund position is redemption by the Fund of the shares held, at NAV, on a calendar quarter basis.

Investments: The fair value of the Corporation's investments are determined using the Level 1 and Level 2 inputs, which are derived from readily available pricing sources and third-party pricing services for identical or comparable instruments, respectively.

Interest rate swap contract: The Corporation's interest rate swaps are pay-fixed, receive variable interest rate swaps based on LIBOR or SIFMA Municipal Swap index rates (swap rates). The swap rates are observable at commonly quoted intervals for the full term of the swaps and therefore are considered a Level 2 item. For the interest rate swaps in an asset position, the credit standing of the counterparty is analyzed and factored into the fair value measurement of the asset. ASC 820 states that the fair value measurement of a liability must reflect the nonperformance risk of the entity. Therefore, the impact of the Corporation's creditworthiness has also been factored into the fair value measurement of the interest rate swaps in a liability position.

Note 14. Concentrations of Credit Risk

The Corporation grants credit, without collateral, to its patients, most of whom are local residents and are insured under third-party payor agreements. The mix of gross patient service revenue and receivables from patients and third-party payors as of and for the years ended March 31, 2015 and 2014 was as follows:

	Gross Patient Service Revenue		Patient Receivables	
	2015	2014	2015	2014
Medicare	44 %	46 %	19 %	21 %
Medicaid	22	17	46	27
Other third-party payors	31	30	26	32
Patients	3	7	9	20
	<u>100 %</u>	<u>100 %</u>	<u>100 %</u>	<u>100 %</u>

At March 31, 2015 and 2014, the Corporation had cash deposits in bank accounts which exceeded Federal Depository Insurance Corporation limits by material amounts. The majority of this excess was on deposit with local financial institutions and management believes that the credit risk related to these deposits is minimal.

The Corporation routinely invests in money market mutual funds. Investments in money market funds are not insured or guaranteed by the U.S. government, however, management believes that credit risk related to these investments is minimal.

Note 15. Lessor Operating Leases

The Corporation has constructed professional office buildings and, as lessor, rents certain space to physicians. These lease agreements have original terms ranging from 1 to 10 years. Future minimum lease payments receivable under leasing arrangements as of March 31, 2015 are as follows:

Year Ending March 31

2016	\$	593
2017		486
2018		85
2019		45
2020		57

Note 16. Functional Expenses

The Corporation provides comprehensive quality health care services to the residents of the Southern Illinois area. The operating expenses included in the consolidated statements of operations are primarily related to providing these health care related services. For the years ended March 31, 2015 and 2014, these expenses are as follows:

	<u>2015</u>	<u>2014</u>
Health care services	\$ 439,731	\$ 390,866
General and administrative	68,836	70,033

Application for Extension of Time To File an Exempt Organization Return

(Rev. January 2014)

Department of the Treasury
Internal Revenue Service

▶ **File a separate application for each return.**
▶ **Information about Form 8868 and its instructions is at www.irs.gov/form8868.**

- If you are filing for an **Automatic 3-Month Extension**, complete only **Part I** and check this box
- If you are filing for an **Additional (Not Automatic) 3-Month Extension**, complete only **Part II** (on page 2 of this form).

Do not complete Part II unless you have already been granted an automatic 3-month extension on a previously filed Form 8868.

Electronic filing (e-file). You can electronically file Form 8868 if you need a 3-month automatic extension of time to file (6 months for a corporation required to file Form 990-T), or an additional (not automatic) 3-month extension of time. You can electronically file Form 8868 to request an extension of time to file any of the forms listed in Part I or Part II with the exception of Form 8870, Information Return for Transfers Associated With Certain Personal Benefit Contracts, which must be sent to the IRS in paper format (see instructions). For more details on the electronic filing of this form, visit www.irs.gov/efile and click on *e-file for Charities & Nonprofits*.

Part I Automatic 3-Month Extension of Time. Only submit original (no copies needed).

A corporation required to file Form 990-T and requesting an automatic 6-month extension—check this box and complete Part I only

All other corporations (including 1120-C filers), partnerships, REMICs, and trusts must use Form 7004 to request an extension of time to file income tax returns.

Part I Apportionment Plan Information

1 Type of controlled group:

- a Parent-subsidiary group
- b Brother-sister group
- c Combined group
- d Life insurance companies only

2 This corporation has been a member of this group:

- a For the entire year.
- b From _____, until _____.

3 This corporation consents and represents to:

- a Adopt an apportionment plan. All the other members of this group are adopting an apportionment plan effective for the current tax year which ends on 03/31/2015, and for all succeeding tax years.
- b Amend the current apportionment plan. All the other members of this group are currently amending a previously adopted plan, which was in effect for the tax year ending _____, and for all succeeding tax years.
- c Terminate the current apportionment plan and not adopt a new plan. All the other members of this group are not adopting an apportionment plan.
- d Terminate the current apportionment plan and adopt a new plan. All the other members of this group are adopting an apportionment plan effective for the current tax year which ends on _____, and for all succeeding tax years.

4 If you checked box 3c or 3d above, check the applicable box below to indicate if the termination of the current apportionment plan was:

- a Elected by the component members of the group.
- b Required for the component members of the group.

5 If you did not check a box on line 3 above, check the applicable box below concerning the status of the group's apportionment plan (see instructions).

- a No apportionment plan is in effect and none is being adopted.
- b An apportionment plan is already in effect. It was adopted for the tax year ending _____, and for all succeeding tax years.

6 If all the members of this group are adopting a plan or amending the current plan for a tax year after the due date (including extensions) of the tax return for this corporation, is there at least one year remaining on the statute of limitations from the date this corporation filed its amended return for such tax year for assessing any resulting deficiency?

See instructions.

- a Yes.
 - (i) The statute of limitations for this year will expire on _____.
 - (ii) On _____, this corporation entered into an agreement with the Internal Revenue Service to extend the statute of limitations for purposes of assessment until _____.
- b No. The members may not adopt or amend an apportionment plan.

7 Required information and elections for component members. Check the applicable box(es) (see instructions).

- a The corporation will determine its tax liability by applying the maximum tax rate imposed by section 11 to the entire amount of its taxable income.
- b The corporation and the other members of the group elect the FIFO method (rather than defaulting to the proportionate method) for allocating the additional taxes for the group imposed by section 11(b)(1).
- c The corporation has a short tax year that does not include December 31.

Part II Taxable Income Apportionment (See instructions)

Caution: Each total in Part II, column (g) for each component member must equal taxable income from Form 1120, page 1, line 30 or the comparable line of such member's tax return.
